Addendum no. 3  
Date: 1/7/2022

**Swan Dental TI**  
1048 N Redwood Road STE 6-B  
Saratoga Springs, UT 84045  
Architect's Project Number 1400.74.175

The Bidder shall acknowledge receipt of this Addendum on the bid and via email to the architect.

This Addendum includes the following:

Architectural:

- Sheet ID 12 Detail "12:00 Behind Quiet Rooms". What is the trim around the wall? This will be a picture frame moulding, painted the same color as well to frame out the wall sconce.
- Ceiling changes: Sheet A013 and ID 15. Replace wood ceilings located at Recovery with the same acoustical tile ceiling throughout the project. Replace the drinking fountain area/pan/photo wood ceiling with painted gypsum board. The only remaining wood ceiling is to be located at Private Treatment Room and Consult. This will be Armstrong Linear Veneered Woodworks Plank.
- What are the countertops and sinks at the Brushing Station and Restrooms? Countertop in open bay and brushing station to be solid surface. See brushing station elevation attached for concept as we would like to make sure the sinks are on center with the mirrors above. \*Please note, countertop with undermount sink to be used at both restrooms with solid surface countertop.
